Apply for the job as web developer

Dear Hiring Manager,

I became very interested in the web developer position .For this reason, I would like to apply as web developer position in your company.

I am currently doing an internship as a web developer at your company, My most important tasks include familiarizing myself with new products.

Your job list sounds great! I hope that this will enable me to develop personal and professional development opportunities. After my previous positions, I am now looking for a long-term perspective for my further personal and professional development, which I can offer you as an employee. The conversation with a member of your company encouraged me in the assessment that I could fit in well with the team.

Taking on a new task with you, I can bring different strengths. That's why I approached my tasks very reliably, responsibly, involvedly, precisely, persistently và conscientiously. I believe that an employee who is flexible, motivated, team-oriented, resilient, enthusiastic, open-minded và independent will contribute to your company development. In addition, I have been able to demonstrate strong communication skills, high willingness to learn, innovative thinking, strong empathy, good judgement, strong personal initiative, good time management và strong sense of responsibility.

Could I convince you with this application? I am available for an entry as soon as possible. I would love to have a meeting with you and discuss the value that I can bring to the company. Thank you for your consideration and looking forward to hearing from you.

Yours sincerely,
